THE PIOCHE RECORD

ESTABLISHED SEPT. 17, 1870.

The second second

PIOCHE, NEVADA, BATURDAY, DECEMBER 21, 1012.

VOLUME XLII; NUMBER 14.

Sen. Massey's four **Land Grant**

Senntor W. A. Massey has introstaced a bill in the U. S. s nate. which, if it becomes a law, the state of Nevada will receive a half million acres of land from the federal government,

The lands are to be nonmineral and are to be sold by the state of Newada for not less than \$5 per acre, punchasers having the right to extend payments over a period of bear years.

Sections 4 and 5 of the bill, which is known as \$7656 rend;

SEC. 4. "That the proceeds arising from the disposal and sale of said lands shall be and become an frequeible fund to be held by the state for the benefit of the state university therein, and for no other purposes: PROVIDED, That all interest r criv d by the said state mon contracts for the disposal thereof, and all in one derived from the present of said sale shal be set apart and used for the support and maintenance of said university. The proceeds attising from said disposal and sales thereof shall, from time to time, be presented by said state, in national, county, state or municipal boods up proved by the state board of education: PROVIDED FURTHER, That any surplus interest not necessary for the support and maintenance of said University shall be set aside and added to said principal sum to be held for the purposes herein desterminal.

Sold 5, "That any party who congracts under the provisions of this not to perchase any of said lands, shall not sell, transfer, or assign said contract or any interest therein and any sale, transfer, or assignment of said contract or interest in land. sough to be purchased, or any agreement therefor, shall be absolutely vold and shall operate as a furfeiture 62 all such contracts and of all inter at in or to said lands and improvements thereon."

MASSEY'S BILL ON RECORDING MINING CLAIMS

On the 10 Inst. U. S. Senator Massay introduced \$7678, which relates to the recording of notice and certificate of location of mining claims

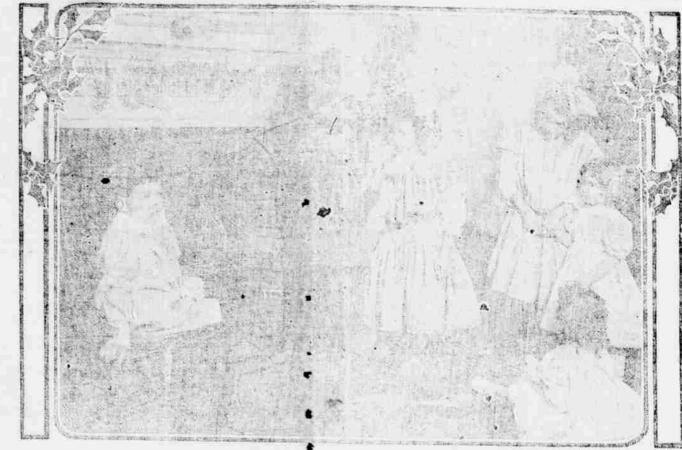

crited by the locator thereof in a book to be kept for that purpose in the United States land office of the district where such mining claim is within the bounds les of any grant WHEATLEY CHILD DIES of lands in ald of any railroad, for which such locator shall pay to the regimer of such land office for the recordation of such notice or contificate a fee of one dollar.

SEC. 2. "That all aplications for patent to lands granted in aid of any railroad must bereafter contain a statement showing the location of

by this net and notice of such application shall be given to the locator thereof. In the event there are no carded as above required such application shall state that fact,

SEC. 3. "That proof of the none row. mineral character of the lands for which patent has been applied under any of the grants herein stated shall also show the claim or claims located and recorded as above specified or that there are no such locations upon any of the lands contained in said

application. SEC. 4. "That in all tennes where there are mining locations recorded as required by this net, and the applicant fails to comply with the provisions of the same respecting nation. the contents of the application, or proof required, the patent issued therefor shall not canvey or in this manner affect rights of the locator

On Christmes eve the children, all gathered around the fire, Discuss the probabilities until they must retire.

'Tis then the fateful wishbone, kept over from Thankegiving day, Is brought to light and broken in the traditional way.

With their fair, expectant faces and eyes with light aglow They await the anxious moment when all of them shall know

Who is to be the favorite of fortune and whose choice Is sure to bring fulfillment fit to make the heart rejoice.

Very truly yours, PAUL B. JAMES. Rector Christ Church, Las Vegas, health for sometime,

The text of the resolutions adopted by the Episcopal Convocation is as follows:

Resolved, "That this Convocation heartily approves that portion of Bishop Robinson's address in which he refers to the carelessness of many clergymen in the performance of the marriage ceremony, and the possibility of safeguarding this sacrament by requiring that a certificate of health I om some reputable physician accompany the marriage license. And be it further

Resolved, "That we, the clergymen of the district of Nevada, pledge ourselves to require such a certificate of health in any case where there is a reasonable doubt as to the fitness of either party for marlage. And be it further

Resolved, "That this organization siverate the passage of a law by the most legislature requiring that tuch a certificate of health be preended to the county clerk upon app Pation for a licensee to mary.

The following resolutions bearing on the subject were adopted by tito Novada St. to Ministerial asso-

K'ssolved, "That the Ministerial Association of the State of Nevada, recommend to the incoming legistature the enactment of the following laws:

(1) A law requiring each applicant for marriage to file with the county slerk a co-tilleare of health from come reputable physician.

(2) A law requiring twelve months call residence in the state of Nevada as a requirement in institutand divorce action.

(E)A law providing for the erection of in industrial school in the state of Novada.

KNOWLTON TALKS

ABOUT PIOCHE MINES

A. D. Knowlton returned to Salt. Lake early in the week and the follawing interview appeared in the Descrit News of Thursday:

I have seen it for several years, I future of the camp is most promising.

"The Prince Consolidated is shipping from 300 to 400 tons a day and tilo Day Bristol is still maintaining shipments from 75 to 100 tons a day. This latter mine is, however, somewhat handicapped by a lack of

"The Home Run is crosscutting steadie Weifn salay. Elwood has its are body and the property is really in better shape than it has been since the shipments were began. The LAW IS PROPOSED Providence Mines company has started swork with a force of five or six men in the Yuba East shaft and It descent about the road by every development is opening up in a most

attending to assessment work; and a will have the magnifithed sup- ear that reason it is somewhat difficult to secure men to do the regular section flower to affect to be to the time r of the Proche Rt mining. Since the Nevada Utah officials visited the camp the people casa more optimistic. This mine, it lit said, will within the next few weeks begin active operations on the

"Alex Lloyd left the camp yeaterday for the Chief mine in which he and several Portland men are intertailed. They are now prepared to ship from 50 to 75 tons of ore a day."

Close For Holidays.

The Public schools of Pioche closed yesterday for the holiday vacation. An interesting Christmas program was rendreed at the school building yesterday afternoon.

Miss Lilian Rittenour leaves today or Los Angeles, to spend Christmas with her brother and his wife, who will be there at that time. She will be gone about a week ***
